

PERSONAL DETAILS

E-Mail: nandalparv3002@gmail.com
LinkedIn: [LinkedIn Profile](#)
Location: Haryana, Faridabad

PROFILE

AI/ML Developer with a comprehensive background in **Agile methodologies**. Leveraging experience in **Python** to build and deploy end-to-end intelligent applications **from concept to production**. Passionate about solving complex problems and contributing to a collaborative team at the intersection of software engineering and AI.

EDUCATION

Expected 06/26 **Bachelor of Technology (B-Tech) in Computer Science**
DCRUST, Haryana (India) CGPA: 8.00

02/22 **High School, Central Board of Secondary Education (CBSE)**
Homerton Grammar School, Haryana (India)

CERTIFICATIONS

03/23 **Programming, Data Structures and Algorithms using Python**
NPTEL, IIT Madras

07/24 Internship, **Python Programming**
CodSoft

07/25 Training in **Data Science and Machine Learning**
IKIGAI Lab Pvt. Ltd.

PROJECTS

Movie Recommendation System | [Live Link](#) | [Github Link](#)

Designed a recommendation system capable of suggesting similar movies by analyzing features of previously watched content.

- **Tech Stack:** Python, Streamlit, CSS, HTML
- Engineered a **content-based recommendation system** by processing the TMDB dataset with **Pandas** and **NumPy**, and transforming textual features (genres, cast) into vector space using **Scikit-learn's CountVectorizer**.
- **Developed the recommendation logic** using **Cosine Similarity** to compute high-dimensional distance metrics and rank the top 5 results, while integrating the **TMDB API** to fetch real-time movie posters and details.

TECHNICAL SKILLS

- **AI & Machine Learning:** Regression, Classification, XGBoost, Time Series, NLP
- **LLMOps:** LangChain (LCEL), RAG Pipelines, Prompt Engineering, Vector Databases
- **MLOps:** Docker, CI/CD, FastAPI, Git, Model Deployment, Version Control
- **Data Engineering:** Python (Pandas, NumPy), SQL, PostgreSQL, MySQL, ETL Pipelines, Data Cleaning, Data Modeling
- **Software Development:** Flask, Django, REST APIs, Web Application Architecture

SKILLS, ACHIEVEMENTS AND INTERESTS

Languages: English (Fluent); Hindi (Native)

Interests: Video Editing, reading science-fiction novels, music and traveling
